

The Universe Within - Special Updates

Hear the latest updates in gastroenterology and hepatology

The Gastroenterological Society of Australia's Annual Scientific Meeting - [AGW 2019](#) is offering two dedicated sessions for General Practitioners, General Physicians, Medical Students and Trainees, and other healthcare professionals.

These tailored sessions will provide a unique opportunity for audience members to ask questions directly related to their clinical practice and cases and meet the speakers during the session break. If you have specific questions you may send them through in advance.

These popular sessions were heavily attended last year so register now to ensure your place. We look forward to welcoming you.

Update your working knowledge of:

- Abnormal LFTs
- Colonoscopy Clinical Care Standards
- Faecal Microbiota Transplantation (FMT)
- Gut Health- Healthy Microbiome
- Iron deficiency/GI bleeding
- Nash-NAFLD
- Psychogastroenterology & Functional Gastrointestinal Disorders (FGID)

Guest International Speaker: Maria Gloria Dominguez-Bello, Professor of Microbiome and Health at Rutgers University, and the Interim Director of the Institute for Food Nutrition and Health (IFNH), and a leader in this area, will speak on the highly topical subject; **Gut Health - Healthy Microbiome**

National Speakers: Professor Jane Andrews, Professor Anne Duggan, Dr Sam Costello, Dr Kate Forgan-Smith, Dr Kate Lynch and Dr Briohny Smith.

About Us

The Gastroenterological Society of Australia (GESA) is the peak membership organisation for healthcare professionals and researchers working in the fields of gastroenterology and hepatology. The Society sets, promotes and continuously improves the standards of clinical practice, training, research and patient care in gastroenterology and hepatology in Australia. As the chief advocacy group, GESA works with the Federal and State Departments of Health and other policy setting organisations.
